Camino de Santiago de Compostela MOUNTAIN BIKE TOUR | HISTORIC TOUR

Discover Portugal....Riding a Bycicle!

Resumen del viaje

Summary:

Camino de Santiago de Compostela (The Way of St James) is a tour that is different from all the other PortugalBike Tours. This is not a touristic tour like the other PortugalBike Tours, where we ride along awesome places and spectacular views.

On this tour we follow the way to Santiago de Compostela, a city located in Galicia, a province in the north of Spain. This way is very mystic, full of positive energy, of belief and of faith. This is a way that has been covered by thousands and thousands of pilgrims along the centuries since the 9th century. We cannot say that there is only "one" way ("camino") to Santiago de Compostela. There are several, because the idea is to get to the Cathedral in Santiago de Compostela. This way was originally covered on foot by devote pilgrims, beggars, clergymen and nobles; it is still covered today not only on foot but also by bicycle by people from all over the world and for many different reasons. It follows off-road trails, narrow roads and footpaths, always in a straight line when possible in order to make the way as short as possible to get to Santiago de Compostela.

This PortugalBike Tour takes us along the Portuguese Way to Santiago. We start in Guimarães (a medieval town also known as the \"Birthplace of Portuguese Nation\") towards Ponte de Lima, known as the Central Way (Caminho Central), and than we continue along the Medieval Way (Caminho Medieval) to Santiago de Compostela, in Spain. This tour covers innumerable paths and trails, ancient Roman roads, dense woods, crosses small stone bridges, covers footpaths and roads among small houses, crosses streams and mountains... Many sections of the original way have been asphalted and civilized, ...but it is still \"O Camino de Santiago de Compostela\" (The Way of St James).
