DAY 2 HALF DAY LOCAL HIKE

Wake up from a wonderful night's sleep to a local Italian breakfast with freshly made coffee before heading out for today's introductory hike.

After a spectacular country drive, high into the mountains, we reach the tiny village which is our starting point for today's walk. Our first hike takes us gently uphill, to a superb vantage point with views past towering cliffs and verdant forests reaching all the way down to the sea. Walking becomes a little steeper as we make for the summit of Monte Croce. Heading downhill we make our way back to the starting point village where we partake in an excellent lunch cooked by his local friend.

We return home in the late afternoon for a couple of hours relaxing by the pool or to take short walks to explore the local area. This evening, your local host will cook you a delicious dinner of local country fare devised from traditional regional recipes.

DAY 3 LOCAL LIVING DAY

Today it is time to get local! Your hosts will take you out into the surrounding region to enable you to understand where this local delicious local food comes from. Depending upon the season you may be able to see, and in many cases participate in, the collecting of porcini mushrooms or black currants, the harvesting of the grapes, making of local pecorino cheese and wild boar sausage or harvesting farro, the local grain.

Now it is time to put all your new food knowledge to the test. This evening, you will enjoy a cooking demonstration from your hosts, outlining some of the traditional recipes and you will even have a chance to help in the preparation of tonight's dinner.

DAY 4 DAY HIKE

After another wonderful breakfast it is time to once again take to the trails. Our second day of hiking takes us on a slightly longer walk highlighting more magnificent views of the Appennine Mountains and the Alpi Apuane. Today, weather permitting, we could opt to bring along a picnic lunch of local

produce with us our to feast our stomachs as well as our eyes. We return in the late afternoon to some time to enjoy our surroundings and facilities before another wonderful evening of local fare and wine.

Tonight your evening is free to explore the charming local town of Castelnuovo Di Garfagnana. Why not stop for a traditional wood fire pizza - a great dinner after a day of hiking. It takes just 30 minutes to walk down hill into the town, and your hosts will be happy to collect you on your return should you require it.

DAY 5 GARFAGNANA / FREE DAY

Today is free for you to enjoy. Options include a visit to the thermal bath and spa town of Bagni di Lucca, a visit to the delightful medieval walled town of Lucca, or closer to home, a short bus ride takes you to Barga, a beautifully situated small town overlooking the Garfagnana valley which is renowned for its gelato. For those who would really like to treat themselves, helicopter rides over the local area can be arranged, or you may simply like to stay at home and relax by the pool with a book and a cool drink. There are also pleasant country walks in the immediate vicinity.

In the evening, we gather together to have an evening briefing regarding tomorrow's hike over another excellent home-cooked dinner.

DAY 6 GARFAGNANA
