Resumen del viaje

Itinerary: 7 days/6 nights/11 Dives at 5 different dive locations / Half-board / 1 Optional (free) Night Dive /

Beach Barbeque Lunch / Airport Transfers

This Package was created '7D/6N - 11 dives - Best of Bali Dive Safari 2013' exactly as we would wish an "east coast" Safari to be created for us if we were visiting Bali as scuba-divers. The itinerary includes both shore- and boatdiving, and encompasses a wide variety of dives: walls, wrecks, reefs, drifts, with opportunities for macro and wide-angle photography. Nothing has been included 'for the sake of it'.

At these sites you'll see fantastic hard and soft corals, great density and diversity of marine life - from large pelagics such as Manta rays and Mola-Mola (Ocean sunfish) in season, to the tiniest juveniles and pygmy seahorses. The pre-planned timing of dives ensures you'll see the maximum possible with the best conditions (as far as we can predict conditions!). Resorts have been chosen for ambience, location, facilities and value for money.

Number of pax : Guaranteed departure if minimum 2 Divers

08 Mar - 14 Mar* Safari: No Diving on Day 5 due to Nyepi (Balinese Day of Silence - travel is not allowed on 12/03/13).

Other Fixed Start Date 2013 Best of Bali Dive Safaris: 13D/12N - 27 dives - "full circle" and
